

PRESENTED BY OREGON UTILITY NOTIFICATION CENTER

UTILITY LOCATOR TRAINING SEMINAR

Tuesday, February 11, 2020

- or -

Wednesday, February 12, 2020

8:00am - 4:00pm

8:00am - 4:00pm

LOCATION ••

NW College of Construction
8111 NE Holman Street
Portland, OR 9728

Space Limited to **20 Students**

FACILITATOR ••

Utility Training Academy

WHO SHOULD ATTEND? ••

This skills training workshop provides locating fundamentals of line locating but also includes advanced troubleshooting techniques. Designed by line locators for line locators, the course will provide the basic fundamentals along with enough content to challenge and expand the knowledge base of even the most seasoned of professionals. This two-fold training workshop begins with a live classroom training session with comprehensive animated slide presentations, lively discussions, and a supporting workbook loaded with reference information. The classroom session is followed by hands-on instruction performed outdoors. Participants are asked to bring their own specific brand and model of line locating devices to use during field training to receive specific tips on their particular equipment.

PERFORMANCE OBJECTIVES ••

Competencies covered during class:

- Locator Safety
- Key steps to successful line locating
- Equipment and accessories
- Basic theory and equipment operations
- Advanced signal theory & Troubleshooting
- Hands On Field Training

FEES •• Per person, (limit of 2 attendees per company) - **\$35 - includes breakfast & lunch**

Please register by **January 22, 2020**. Class orientation begins at 8:00 a.m. on both days.

*An **OPTIONAL** written test is available at the end of the class. The optional written test is a recorded and scored.
Note: This class is offered to those locating in the state of Oregon.

- For **REGISTRATION** questions, please contact Kitty Davis at (503) 781 - 6988 or via e-mail: kitty@digsafelyoregon.com

OUNC MISSION: To operate and maintain a state-of-the art one-call system for the State of Oregon to reduce damages to underground facilities and to promote public safety related to the excavation issues.
